NOTICE of NON-RESPONSIVE AMENDMENT

Drawings

The reply filed on 23 August 2002 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The changes to the drawings required by the draftsman and sent out in the office action dated 21 May 2002 have not been made. That requirement was issued to fix Figures 1 and 4, which has not been done. Please see the new rules for drawings (37 CFR 1.85(a)).

Specification

The substitute specification filed 8 August 2002 has not been entered because it does not conform to 37 CFR 1.125(b):

A substitute specification, excluding the claims, may be filed at any point up to payment of the issue fee if it is accompanied by:

- (1) A statement that the substitute specification includes no new matter; and
- (2) A marked up version of the substitute specification showing all the changes (including the matter being added to and the matter being deleted from) to the specification of record. Numbering the paragraphs of the specification of record is not considered a change that must be shown pursuant to this paragraph.

A marked-up copy and a clean copy of the substitute specification, as well as a statement that the substitute specification includes no new matter must be supplied together.

Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
